Registration Statement on Form S-1  
General

1. In a PIPE transaction, a registered resale of securities is permitted where the investor is irrevocably bound to purchase a set number of securities for a set purchase price that is not based on a market price or a fluctuating ratio. In addition, there can be no conditions that an investor can cause not to be satisfied, including conditions related to market price of the securities. Further, the closing of the private placement of the unissued securities must occur within a short time after the effectiveness of the resale registration statement.

In that regard, we note that pursuant to the Securities Purchase Agreement with Streeterville Capital, the company will reserve 3,049,000 Common Shares for future issuance, the share purchase price is based on the market price, and that Streeterville Capital will have the right, but not obligation, to purchase from the Company. We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Refer to Rules 460 and 461 regarding requests for acceleration. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.
